

List of Conditions Treated

Modern and convenient, The Centre of Health Excellence provides patients with timely access to a physician and a healthcare team for your primary care MCP covered conditions, by appointment only.

Please review the following list.

● Abdominal pain (mild to moderate)	● Insect bites
● Asthma attacks (mild to moderate)	● Palpitations
● Allergies	● Pregnancy testing/issues
● Back pain	● Prescription renewals
● Bronchitis/pneumonia & Shortness of breath	● Primary care (prescription refills, preventative care, diabetes management, etc)
● Burns – minor	● Rashes
● Cold or flu	● Sinus infections
● Constipation, Diarrhea, Nausea, vomiting	● Sore throat
● Contraception (birth control)	● Sprains/joint pain/ Work and Sport Related Injuries
● Dizziness/syncope	● STI Treatment
● Ear foreign bodies, pain & wax	● Upper respiratory infections
● Headaches	● Urinary tract infection (UTI)

Please Note: Some medications, such as opioids (“narcotics”) require special prescribing rules. This is for your safety as they help you to minimize the risks of overuse and side effects and ensure proper use. We do not prescribe controlled substances. As per provincial rules, we ask that all patients receiving these medications receive prescriptions from one doctor and fill those prescriptions at one pharmacy.

To book an appointment call 709-726-4880.
