

List of Conditions Treated

Modern and convenient, The Centre of Health Excellence provides patients with timely access to a physician and a healthcare team for your primary care MCP covered conditions, by appointment only.

Please review the Following List

Acute abdominal pain	Headaches
Allergies	Insect bites
Back pain (New or sudden onset)	Minor cuts/lacerations
Bronchitis/pneumonia	Pregnancy testing/issues
Burns – minor	Prescription renewals (temporary)
Cold or flu	Primary care (prescription refills, preventative care)
Constipation, Diarrhea, Nausea, vomiting	Rashes
Contraception (birth control)	Sinus infections
Dental infections/pain	Sore throat
Drivers Medicals	Sprains and Sport Related Injuries
Dizziness	STI testing and treatment
Ear pain & wax	Upper respiratory infections
Eye infections/redness/injury	Urinary tract infection (UTI)
Forms (Medical)	WHSCC

Please Note: Some medications, such as opioids (“narcotics”) require special prescribing rules. This is for your safety as they help you to minimize the risks of overuse and side effects and ensure proper use. We do not prescribe controlled substances. As per provincial rules, we ask that all patients receiving these medications receive prescriptions from one doctor and fill those prescriptions at one pharmacy.

To book an appointment call 709-726-4880.
